**01** Event: International Yoga Day (Online)

No. of Students: 25

Location: Online mode

#### **Objective:**

The main objective behind this observation is to make this ancient practice popular among the present generation of people who are unaware of its benefits. Adopting this practice is believed to provide significant relief from physical ailments and mental tension which plagues our day to day life.

- International Yoga Day aims to develop the habit of meditation among youngsters so that
  they can enjoy more peace of mind and self-awareness, which is essential for a stress-free
  existence.
- Yoga helps to keep the internal organs in the body to function properly by increasing the
  oxygen and blood flow. Proper oxygen and blood supply to all the vital organs helps to
  diminish the occurrence of major diseases related to the heart, lungs, kidneys and other
  vital organs.
- World Yoga Day aims to educate people about the various means of overcoming stress naturally without resorting to any artificial medicine.

#### **Outcome**

- Yoga practitioners believe that when a person connects with Mother Nature with both his mind and soul, he achieves a greater level of consciousness which helps him to be at peace with his surroundings. This level of consciousness would invariably lead to world peace as more and more people starts practicing Yoga.
- Practicing yoga would lead to stronger bonds between people from different background, irrespective of caste, religion or language barriers. It would help to promote the feeling of communal harmony and create a conjugal atmosphere for global peace.
- People are able to have a correct opinion about this form of well-being, which is not only easy to practice but is also extremely effective on a long term basis.

# Students urged to save every drop of rainwater

#### Rallies held to mark World Water Day

STAFF REPORTER

Students and staff of Maris Stella College organised a programme on the occasion of World Water Day on the college premises on Monday. The workshop was organised by the Chemistry department.

Retired engineer Mullapudi Krishna Mohan, who was the chief guest for the programme, explained about the increasing urbanisation, scarcity of water and the increasing pollution of water bodies.

Stressing the need to save water, he asked the students to save every drop of rainwater by digging percolation tanks. Later, the students tested groundwater samples on different parameters.

Mr. Krishna Mohan praised the students for arranging paintings on different methods of water conservation. Chemistry department head Vani Latha, judges Usha Kumari and Sunanda distributed prizes to the winners. Students of the NSS Unit of Velagapudi Ramakrishna Siddhartha Engineering College (VRSEC), Kanuru, organised an awareness rally from the college campus to Kanuru, in connection with World Water Day.
